# Coursework Report – 5COSC019C Object Oriented Programming

Student Name: Serasinghe Pathiranage Imasha Udayangi Student ID: 20221357 / w1956115	
Have you submitted the <u>video with the demonstration</u> of your system?	☐ No
If the video has been submitted specify where:	
On the cloud (file shared from Google drive, or OneDrive or DropBox, etc), or Copy here the link: https://drive.google.com/file/d/10I3zWfVZoZIGxVI -dg770	iew?usp=sharing

## Phase 1 – Design and class implementation

Task	Did you attempt the task?	Student's comments (To which extent you implemented the task? Have you encountered any problems or issue?)
Design a UML Use Case Diagram of your system (submitted in a separate file).	Yes No	Fully implemented. No issues encountered
Design a UML Class Diagram of your system (submitted in a separate file).	⊠ Yes □ No	Fully implemented. There were no problems other than not knowing its size to make the class diagram.
Implementation Class Product	⊠ Yes ☐ No	Fully implemented. No issues encountered
Implementation Class Electronics	∑ Yes ☐ No	Fully implemented. No issues encountered
Implementation Class Clothing	Yes No	Fully implemented. No issues encountered
Implementation Class User	∑ Yes ☐ No	Fully implemented. No issues encountered
Implementation Class Shopping Cart	⊠ Yes ☐ No	Fully implemented. No issues encountered
Implementation Interface WestminsterShoppingManager	Yes No	Fully implemented. No issues encountered

### Phase 2 – Console menu implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Add a product in the system with all the relative information (max 50 doctors)	X Yes No	Fully implemented. No issues encountered
Delete a product from the system by selecting the product ID. Display a message to confirm it has been removed and the total number of products in the system.	⊠ Yes □ No	Fully implemented. No issues encountered
Print on the screen the list of the products in the system with all the relative information. The list should be ordered alphabetically.	X Yes No	Fully implemented. No issues encountered
Save in a file entered by the user so far. The user should be able to load back the information running a new instance of the application.	X Yes No	Fully implemented. No issues encountered

### Phase 3 - GUI Implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
The user can select the category through the drop down menu	X Yes No	Fully implemented. No issues encountered
The GUI is open and a list of products with the information as per specification has been displayed	∑ Yes ☐ No	Fully implemented. No issues encountered
Items with low availability are highlighted in red	Xes No	Fully implemented. No issues encountered
The user can select a product and all the details are displayed as per specification in the below panel	X Yes No	Fully implemented. No issues encountered
The user can add products to the shopping cart and all the information are displayed in a separate frame	X Yes No	Fully implemented. No issues encountered
The final price is displayed correctly	∑ Yes ☐ No	Fully implemented. No issues encountered
The discounts, if applicable, are displayed as per specification and the final price updated accordingly	Xes No	Fully implemented. No issues encountered

#### Phase 4 – Testing and system validation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Test plan. (Submitted in a separate file).	Yes No	
Implementation of an automated unit test for each scenario in the console menu.	Xes No	Got errors in the whole code so didn't do that part
Error Handling across all the code, input validation and code quality.	Xes No	Not Fully implemented. Some issues encountered
